

#### 12.4 Disapproval

If the IRB determines that the research cannot be conducted at UNC-Chapel Hill or by employees or agents of the University or otherwise under the auspices of the University, the project, as proposed, is disapproved and may not go forward.

Disapproval usually indicates that a proposal requires major changes not likely to be feasible without a complete reassessment of the protocol by the investigator and/or sponsor.

In some cases, the IRB may want to alert other IRBs of the disapproval.
